

Congratulations! You've completed Week 1 Start Week 2

Introduction to deep learning

Be able to explain the major trends driving the rise of deep learning, and understand where and how it is applied today.

Learning Objectives

Understand the major trends driving the rise of deep learning.

Be able to explain how deep learning is applied to supervised learning.

Understand what are the major categories of models (such as CNNs and RNNs), and when they should be applied.

Be able to recognize the basics of when deep learning will (or will not) work well.
